

# Chryston Community Council

Minutes of meeting held 22<sup>nd</sup> February held virtually

Present – Brian Elder (Chair), Brian Rice, Norma Corrigan, Heather Findlay, Steven Gladstone (Secretary), Roy Boyd (Treasurer), Danielle Harris, Gwen Hibbs (Guest), Stuart Dallas (Guest)

Apologies received from – Collin Little

Chairman's remarks: Chair welcomed everyone to the meeting especially our two guest who were co-opted as follows :

Stuart Dallas : Nominated – Brian Rice; Seconded - Steven Gladstone

Gwen Hibbs : Nominated – Roy Boyd; Seconded – Norma Corrigan

Previous Minutes adoption: Previous minutes proposed by Roy Boyd and seconded by Norma Corrigan

Business arising : Nothing from minutes that would not be addressed later.

Beacon update : It was agreed that the end of March we would have items needed to produce the next version of the Beacon.

There were 5 new subscriptions

The covid group was agreed to be closed; members asked to subscribe to Beacon for future updates; otherwise their data was to be securely deleted.

Planning :

It was noted the Gas Testing holes being carried out on Moor Park; these are routinely done.

Hornshill development (200 dwellings) recommended for final acceptance by NLC planning.

Berryknowe avenue development (9 housing association dwellings) was also recommended to approve by NLC planning

It was noted that Steps Primary will use the community hub and huts to increase capacity meaning no reallocation to Chryston Primary School.

Steven Gladstone updated the council on an enquiry from last meeting regarding the building of the link road through Heathfield Farm development. Correspondence from the planner was read out explaining that in the Section 75 order there is agreement that the road must be built when housing exceeds 300. The current phase 1 is less than this so it is expected to be triggered should phase 2 planning be submitted and approved.

Reports :

Volunteer group : Bike scheme launched with posters up. The community garden progressing too although weather is holding things up.

Roads and lighting : potholes reported and also drains on Cumbernald road.

Finance : no change except grant application deposited for defibrillator.

AOCB – Secretary informed everyone of an armed robbery at Grayston Manor. No obvious sign of this meaning an increase in our very low crime levels.

Next meeting 29<sup>th</sup> March 2021
